

## Cloud – Do any of these scenarios apply to you?

1

Getting stuck moving to the cloud?

#movetocloudsafely

2

Facing unexpected costs and risks with cloud?

#reducecloudcost&risk

3

Worried your IT is escaping to the cloud?

#takeaplannedapproach

### We'll help you:

- **#movetocloudsafely** – to achieve fast and flexible delivery of value to your business and customers
- **#reducecloudcost&risk** – cut unmanaged costs; complexities; and security, performance and compliance risks
- **#takeaplannedapproach** – establish a fit-for-purpose cloud framework centred around people, process and platform.

### What we do:

- **Cloud foundations framework**
- **Cloud architecture, security and integration**
- **Cloud platform adoption and migration**
- **Remediation of existing cloud services**
- **Microsoft Azure and AWS expertise**
- **Office 365 implementation**
- **Cloud training and coaching.**

Talk to us today so we can help you #movetocloudsafely, #reducecloudcost&risk and #takeaplannedapproach
